

6 VOL. 45. INDEX.

Fasc. 1. (28. V. 1959.)

	Pag.
Untersuchungen über Eigenschaften und Verwendungsmöglichkeiten eines flexiblen Extremitätenplethysmografen. By K. GRAF and A. WESTERSTEN	1
Halide Transport in Red Blood Cells. By D. C. TOSTESON	19
Quantitative Aspects of the Elimination of Neutral Violet by the Stomach. By R. BILSKI and K. J. ÖBRINK	42
Oxygen Uptake and Working Capacity in Man During Work on the Bicycle Ergometer With One and Both Legs. By H. DUNÉR ...	55
Relaxation of Glycerol-extracted Muscle Fibre Bundles Induced by Zinc in the Presence of ATP and Other Polyphosphates. By K. A. PAUL EDMAN	62
On the Physiology of the Cutaneous Sensory Modalities. By H. I. BING	88

Fasc. 2-3. (24. VI. 1959.)

Distribution of C ¹⁴ in Rats after Intravenous Injection of Non-Esterified Palmitic Acid- 1- C ¹⁴ . By S. LAURELL.	97
Pulse Pattern and Artificial Wave Pattern in the Arterial Tree of the Dog. By P. S. WEHN	107
The Response Pattern of Taste Fibres in the Chorda Tympani of the Monkey. By G. GORDON, R. L. KITCHELL, L. STRÖM and Y. ZOTTERMAN	119
Electrophysiological Studies of Thermal and Taste Reception in Chickens and Pigeons. By R. L. KITCHELL, L. STRÖM and Y. ZOTTERMAN	133
Studies on the Incorporation of ³⁵ S Labelled Cystine into the Leucocytes of Tumour Bearing Rats. By B. BELLION and L. RESEGOTTI ..	152
Inactivation of Insulin in Livers from Mice with Goldthiogluucose Obesity. By S. LARSSON	159
The Discharge to Maintained Stretch of Spindles in Slow and Fast Muscles of Rabbit. By R. GRANIT and S. HOMMA	165
Phasic Stretch and 'Spindle Constant' in Slow and Fast Rabbit Muscle. By R. GRANIT and S. HOMMA	174
Prolonged Changes in the Discharge of Mammalian Muscle Spindles Following Tendon Taps or Muscle Twitches. By R. GRANIT, S. HOMMA and P. B. C. MATTHEWS	185
Peripheral Circulatory Response to Submersion Asphyxia in the Duck. By K. JOHANSEN and J. KROG	194
Effect of Reduced Ventilation on Systemic Blood Pressure and Blood Flow in the Hind Part of the Cat during Infusion of Noradrenaline. By H. DUNÉR and U. S. VON EULER	201

	Pag.
The Binding of Zinc to Glycerol-extracted Muscle, and Its Relaxing Effect. By K. A. PAUL EDMAN	209
Polarographic Determination of Intravascular Oxygen Tensions in Vivo. By K. JOHANSEN and J. KROG	228
Depression of Metabolism in the Duck during Experimental Diving. By H. T. ANDERSEN	234
A Note on the Composition of Alveolar Air in the Diving Duck. By H. T. ANDERSEN	240
Oxygen Consumption of Blood and Plasma and the Percentage of Reticulocytes. By E. JALAVISTO	244
Bleeding Anemia and Methemoglobin Reduction in Dog Erythrocytes. By E. JALAVISTO	252
The Rate of Methemoglobin Reduction in Red Cells of Moderately Bled Rabbits. By E. JALAVISTO, A. PITKÄNEN, A. SELONEN and L. SOLANTERÄ	257
Methemoglobin Reduction Rate of Nitrite Treated Red Cells as a Function of Cell Age. By E. JALAVISTO and L. SOLANTERÄ ...	273
Bile Acids in Rat Portal Blood. By T. OLIVECRONA and J. SJÖVALL	284

Fasc. 4. (31. VIII. 1959.)

Apparatus for Determination of the Mean Blood Flow in the Ascending Aorta of the Cat. By A. WRETLIND	291
A Method for the Assay of 'Slow Reacting Substance'. By N. CHAKRAVARTY	298
The Effect of Acetylcholine and Prostigmine on Catechol Amine Excretion in Rats. By A. N. GRANITSAS	314
A Study of Central Regulation of Rumination and Reticulo-Ruminal Motility. By B. ANDERSSON, R. L. KITCHELL and N. PERS-SON	319
On the Concentration of Bile Acids in the Human Intestine during Absorption. By J. SJÖVALL	339
The Influence of Temperature on the Electrocardiograms of Some Northern Reptiles. By K. JOHANSEN	346
Effects of Alterations of Total Muscular Blood Flow on Local Tissue Clearance of Radio-Iodide in the Cat. By C. HYMAN, S. ROSELL, A. ROSÉN, R. R. SONNENSCHN and B. UVNÄS	358

- Supplementum 157. The Construction and Functional Organization of the Autonomic Innervation Apparatus. By N-Å. HILLARP.
 Supplementum 158. Studies on Prostaglandin. By R. ELIASSON.
 Supplementum 159. Spectral Sensitivity, as Measured in Cerebral Visual Centres. By D. H. INGVAR.
 Supplementum 160. Patterns of Human Liver Temperature. By W. GRAF.
 Supplementum 161. The Formation of Pancreatic Juice Proteins Studied with Labelled Amino Acids. By E. HANSSON.

INDEX AUCTORUM.
